Designblok Prague International Design Festival

What is the Designblok experience?

Openstudio expositions

Designblok 2024 after-movie

light

Light symbolizes understanding, truth, hope and life. This year, the festival will focus on the position and impact of design in society and explore ways in which it can help people thrive and offer solutions to contemporary socio-economic issues. Curated exhibitions, installations and discussions at the Designblok Stage and the accompanying program of the Designblok Talks conference will shed light on some of these practical and theoretical questions.

“The scholar John Amos Comenius thought light could lead people out of confusion and bring them to truth. He considered knowledge and enlightenment to be the greatest achievable

The main theme of the 28th Designblok Prague International Design Festival is

goal, and we wish to explore the role of contemporary design in this context – is design able to make the world a better place? How does it benefit the development and quality of human lives? What new structures and drivers can it provide to help resolve some of the problems we are currently facing? These themes and topics will be addressed as part of our exhibitions, discussions and lectures as well as during the Designblok Talks conference. Fiat lux! – Let there be light!”

Jana Zielinski, Director of Designblok

How to apply:

→ The selection process is based on the submitted **online application**. 

- The application must include the project presentation with description and images, as well as the visualization of the planned exposition.

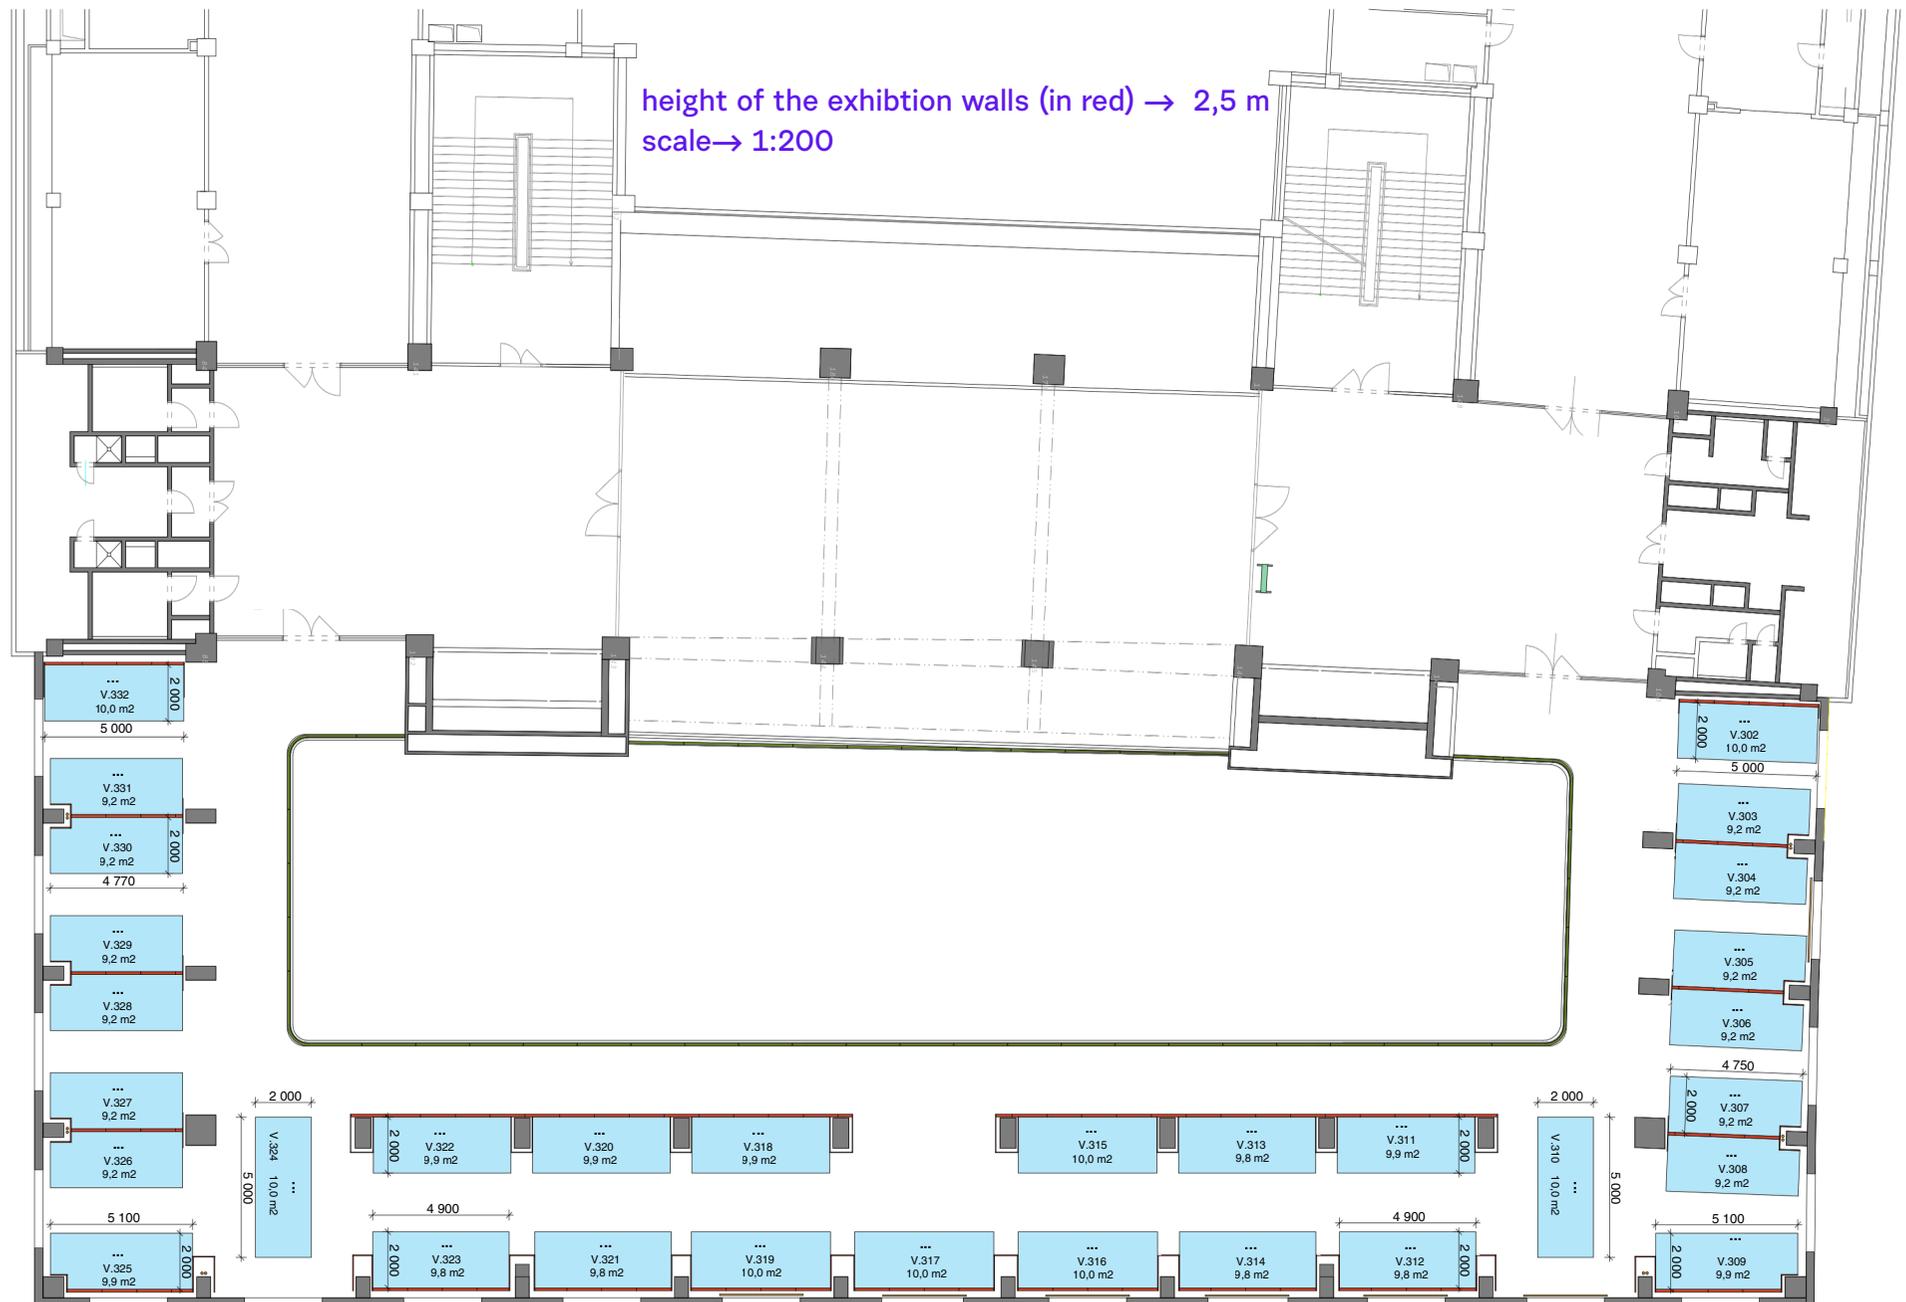

→ The selection process takes into account the following:

- collaboration with designers and architects on the products and the final exposition
 - visualization and detailed description of the planned exhibition
 - the brand's overall quality and public presentation (website, social networks, showroom, etc.)
 - priority will be given to the premiere presentations of new products and prototypes
 - the presentation of other subjects as part of one's exposition is prohibited
- Viewings of the exhibition spaces will take place from March to May 2026. Registration is possible by prior arrangement with the project managers.

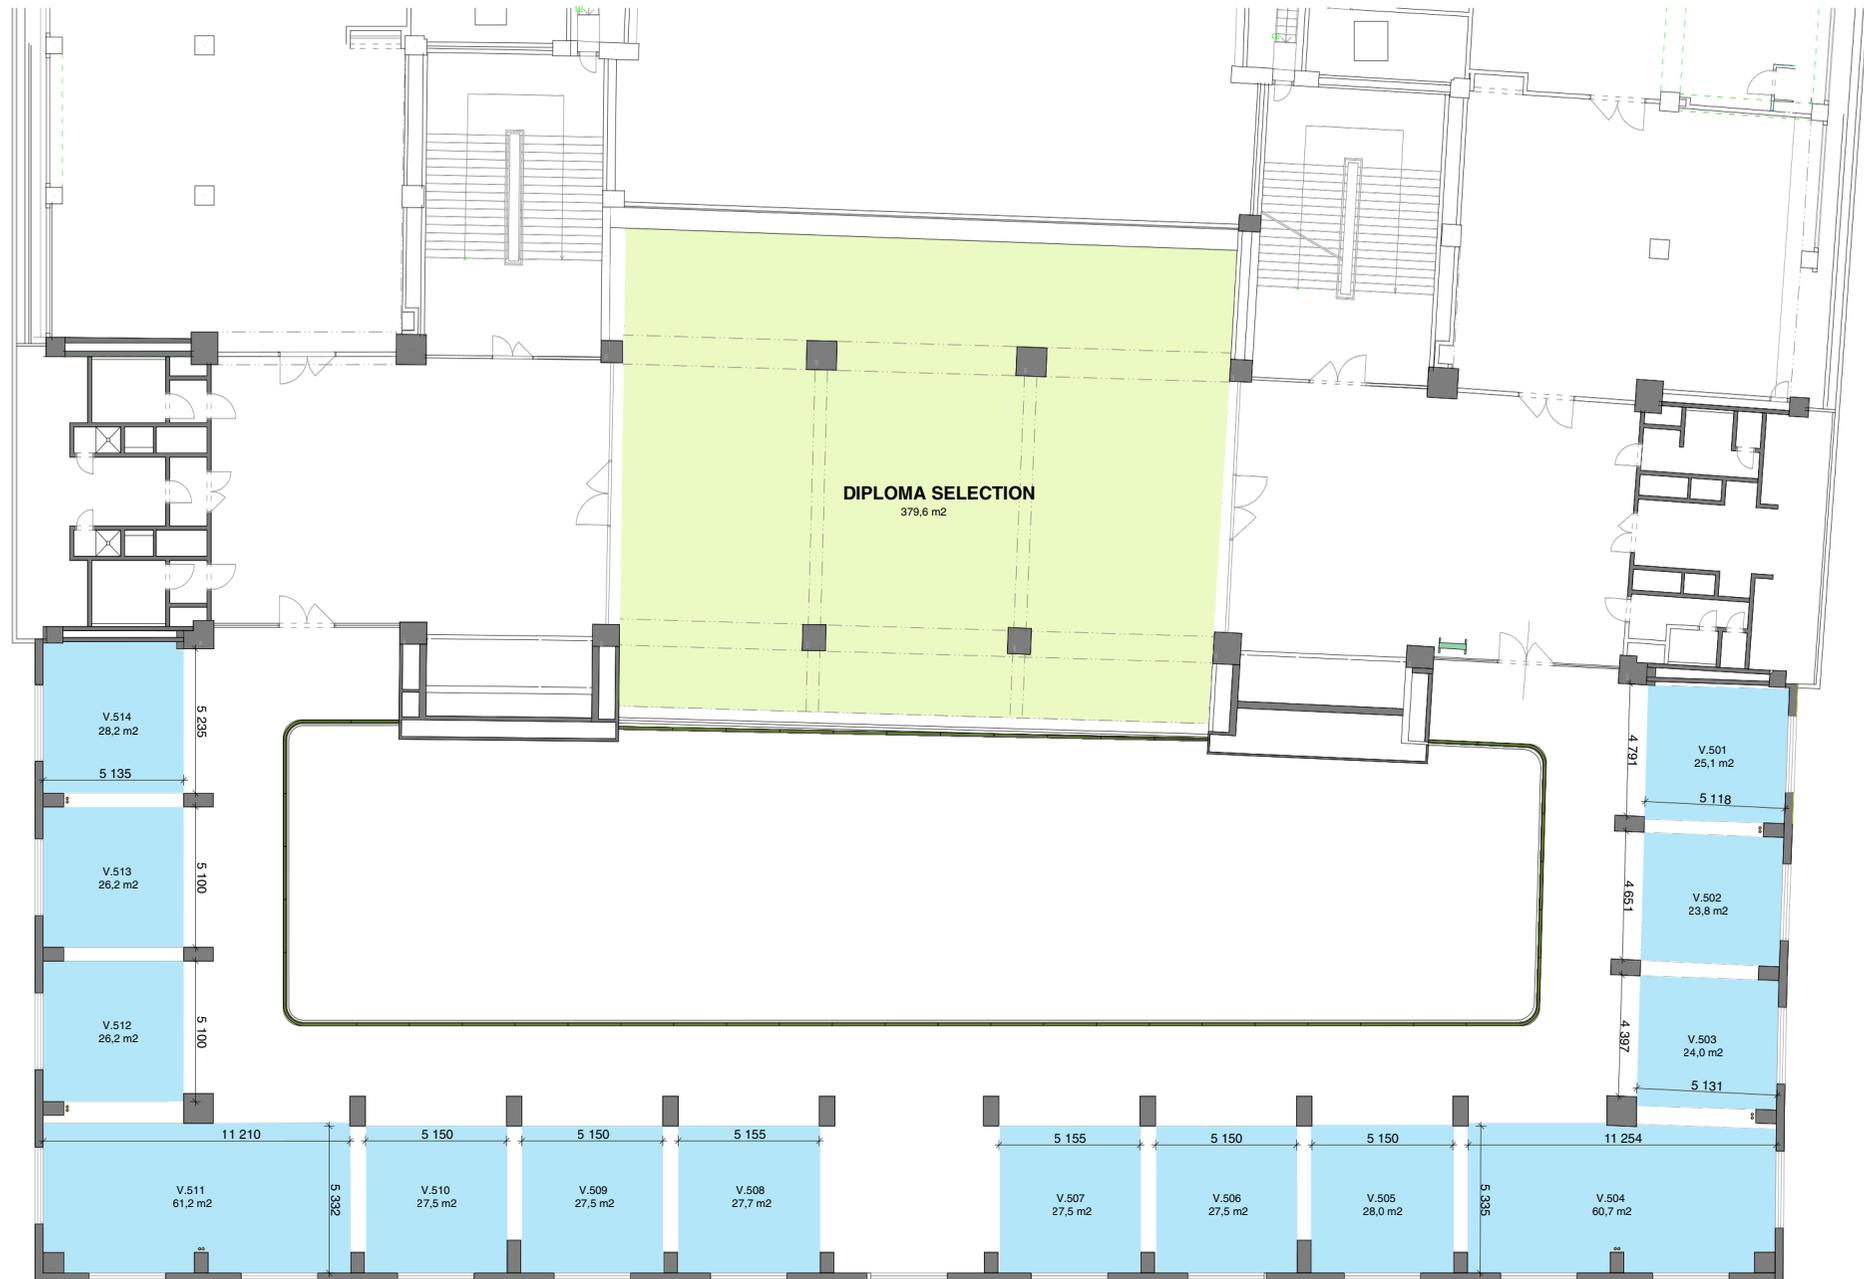

→ The deadline for submitting applications is **31 May 2026 at 23:59**.

- The applicants will receive notification of the decision by 30 June 2026 at the latest, along with information about their allocated exhibition space.
- Exhibition spaces are allocated according to the preferred size indicated in the application and the organizers' curatorial decision.
- The final dimensions of your exhibition space must comply with the dimensions of the allocated space, including the specified height. Failure to comply with these dimensions may result in contractual penalties; see the General Terms and Conditions.
- Useful tip: When designing your exhibition space, remember to include your own storage space.
- General terms and conditions can be found [here](#).
- Official suppliers and partners form an integral part of the festival. Confirmed exhibitors will receive an overview of available service options during the summer of 2026.
