Gabriel Loci

- A unique historic building of former convent built between 1888 and 1891.
- A heritage site in Beuron style;
- The compound is located next to the Kinsky Garden in Holečkova street in Smíchov;
- The building served as a convent until 1919;
- Since 1932 the building has housed the Postal Museum, Central Postal Order, Central Office of Communication, Computation and Control.
In 1998 Prague Posts Directorate.
- It was declared a cultural heritage in 1964;
- At the end of November 2019, Czech Post sold the building to Cimex Invest real-estate company.

Characteristics

Exterior – space for expositions of companies, shops and producers but also schools and studios.

In the open-air section section of Gabriel Loci (Holečkova 10, Prague 5, 150 00).

Designblok Exterior combines expositions of Superstudio and Openstudio.

Space is allocated by Organiser following an agreement with Applicant. It is dedicated to presentations of Exhibitors whose specialisation puts them both in Superstudio and Openstudio. When the size of exposition, specialisation and safety are considered, it can reveal as more convenient to place the exposition in the open-air section of Designblok.

If you are interested in Exterior, prior to submitting your application,

please contact the manager Sára Hölclová (+420 776 133 010, sara.holcova@profilmedia.cz) who is responsible for this space.
